

## **USEF Sportsman's Charter**

That sport is something done for the fun of doing it, and that it ceases to be sport when it becomes something done for what there is in it;

That amateurism is something of the heart and spirit - not a matter of exact Technical qualifications;

That good manners are fundamentally important;

That the code must strictly be upheld;

That the whole structure of sport is not only preserved from the absurdity of undue importance, but is justified by a kind of romance which animates it, and by the positive virtues of courage, patience, good temper, and unselfishness which are demanded by the code;

That the exploitation of sport for profit alone kills the spirit and retains only the husk and semblance of the thing;

That the qualities of frankness, courage and sincerity which mark the good sportsman in private life shall mark the discussions of his interests at the show.
